

Wisdom Richard

Front-End Developer

PROFESSIONAL SUMMARY

I bring websites and applications to life through the power of React.js. I leverage React.js and its ecosystem libraries to build interactive and responsive user interfaces (UIs) that prioritize user experience (UX) across all devices. Whether I'm working on a website, mobile app, or other digital product, I bring my commitment to design excellence and user-centered thinking to every project I work on. I look forward to the opportunity to bring my skills and passion to your next project.

PROFESSIONAL EXPERIENCE

Volunteer

National Youth Service Corps, Abuja, FCT | Aug 2023

- Grew ability to work independently while completing assigned tasks without direct supervision.
- Developed strong communication skills while providing customer service.
- Strengthened organizational and time management skills by balancing volunteer commitments with personal responsibilities.
- Utilized problem-solving and organizational skills to manage multiple tasks simultaneously.
- Demonstrated interpersonal abilities by working collaboratively with other volunteers on various projects.
- Observed rules and safety regulations of organization while carrying out assigned tasks.

CERTIFICATIONS
